Buttplate for Tulle fusil-de-chasse #BP-Tulle-2- B or I

Most Tulle fusils were stocked in plain wood, trimmed in iron. Brass trimmed fusils were "fine fusils", "chief's grade" guns, or presented as awards to French allies. See our full size photographs of this buttplate.

# BP-Tulle-2-B	buttplate, for Tulle fusil, brass	only \$29.99
# BP-Tulle-2-I	buttplate, for Tulle fusil, iron	only \$21.99

Gunsmithing options:

Barrel, 20, 24 or 28 gauge 42" octagon-to-round. #BBL-(specify)-42

Our 20 gauge 42 inch barrel has a .615" smooth bore, 1" octagon breech, threaded for our 3/4-16 plug with .550" thread length. The tapered octagon portion is just over 12" length, with the last 4" fading to 16 sides. A double wedding band transition to round is followed by another single wedding band. The muzzle flares slightly to .850" diameter. In-the-white, we can supply the breech plug, or we can install it at extra cost, often with same day shipping. We can install the lugs and front sight, at extra cost. Cylinder bored, no choke, use lead bird shot or patched balls in this polished bore. Use a .600" ball with .010" patching, or a .610" ball in a military style paper cartridge.

# BBL-20-42	barrel, 20 gauge, 42" long	\$179.00
# BBL-24-42	barrel, 24 gauge, 42" long	\$179.00
# BBL-28-42	barrel, 28 gauge, 42" long	\$179.00

Our optional .54 or .58 caliber rifled octagon-to-round barrels

# BBL-54-42	barrel, 54 caliber, 42" long	\$189.00
# BBL-58-42	barrel, 58 caliber, 42" long	\$189.00

Gunsmithing options: allow 5 to 7 days shop time.

# Plug-ST-16-3-R	breech plug, 1" octagon, 3/4-16	\$ 9.99
# Labor-BP	install breech plug, fitted inside	\$ 25.00
# Labor-US	install lug, soldered, each	\$ 20.00
# Labor-US	install front sight, soldered	\$ 20.00
