

brass or
nickel silver

Ramrod pipes for John & Caleb Vincent fullstock Ohio rifles:

Polished brass or nickel silver, 5/16" or 3/8" diameter. The entry pipe has a long skirt. Modify these fullstock pipes to match our halfstock pipes, if you require 5/16" nickel silver pipes, or 3/8" pipes on a halfstock Vincent rifle. Our Vincent stocks are drilled for a correct 5/16" ramrod, which was always used, regardless of barrel size.
