

Front sight base.....#FS-Base-B, I or C

This sight base is machined in brass, copper or steel. With a .377" dovetail, .749" wide, and .072 deep.

- #FS-Base-B front sight base, brass **only \$3.29**
- #FS-Base-I front sight base, iron **only \$3.29**
- #FS-Base-C front sight base, copper **only \$3.29**

Silver blade sight:

Rounded silver blade .050" thick. The copper or brass dovetail base is .370" long, .600" wide, and .092" deep. The thin brass base is .062" deep. Don't file off the ends to match the barrel.

- #FS-TC-HB front sight, brass base .092 **only \$4.29**
- #FS-TC-CB front sight, copper base .092 **only \$5.29**
- #FS-TC-HB-TH front sight, thin brass base .062 **only \$4.29**
- #FS-TC-CB-TH front sight, thin copper base .062 **only \$5.29**

Thick silver blade#FS-TC-BB or CB-81

Nickel silver blade is a sturdy .080" thick and .275" tall. Nickel silver blade is .400" tall. The brass base is .371" long, .600" wide, .090" deep base. Made in the U. S. A.

- #FS-TC-BB-81 front sight, brass base **only \$4.29**
- #FS-TC-CB-81 front sight, copper base **only \$5.29**

Low silver blade sight.....#FS-TC-LB

Sometimes called "fine" sights, old timers believed that very low sights minimized error. Today we know that the "mirage" effect from barrel heat eliminates any advantage of low sights. This replica antique sight is only .220" high, on a .370" long base, .062" deep.

- #FS-TC-LB front sight, brass base **only \$4.29**

Wax cast sight.....#FS-PA-38-B, I or S

Wax cast, this strong casting has an integral dovetail base .380" long, .062" deep, and .647" wide. Blade stands .29" above barrel. A small fillet reinforces the joint. Specify brass, iron or nickel silver.

- #FS-PA-38-B front sight, brass **only \$8.99**
- #FS-PA-38-I front sight, iron **only \$6.99**
- #FS-PA-38-S front sight, nickel silver **only \$8.99**

Floral front sight.....#FS-WFS-B, I or S

This wax cast sight has a flower petal finial at front. Viewed backwards, it resembles a humpback whale. The dovetail is .388" long, .625" wide, .062" deep. Wax cast.

- #FS-WFS-B front sight, brass **only \$8.99**
- #FS-WFS-I front sight, iron **only \$6.99**
- #FS-WFS-S front sight, nickel silver **only \$8.99**

Tennessee sight.....#FS-FG-40-B, I or S

A crisp wax casting with a long thin blade. This sight's integral dovetail base measures .370" long, .640" wide, .062" deep, as cast. File it slightly to fit a 3/8" slot. Select wax cast brass, steel or nickel silver.

- #FS-FG-40-B front sight, brass **only \$8.99**
- #FS-FG-40-I front sight, iron **only \$6.99**
- #FS-FG-40-S front sight, nickel silver **only \$8.99**

Wax cast front sight#FS-G-355-I or B

Wax cast brass or steel, this front sight has been made in the U.S.A. The dovetail base measures .395" long, only .475" wide for a 13/16" or 7/8" octagon barrel. It requires a .070" deep slot, as cast. Specify brass or iron.

- #FS-G-355-B front sight, brass **only \$10.99**
- #FS-G-355-I front sight, iron **only \$ 9.99**

Tall silver blade#FS-TC-TWB or TTB

Extra tall, in choice of thick or thin blade. Nickel silver blade is .400" tall. The brass base is .371" long, .600" wide, .090" deep. Specify thin .050" or thick .080" thickness.

- #FS-TC-TW-B front sight, .080" thick blade **only \$4.29**
- #FS-TC-TT-B front sight, .050" thick blade **only \$4.29**
